Together for sustainably attractive façades.
Follow these tips from and for specialists!

**ORDER**
- Order everything at once.
- Order ENOUGH.

**CHECK**
- Processing = Approval of the bricks.
- Protect against rain.

**PROTECT**
- Cover freshly processed masonry or protect it from rain.
- Pointing works/coloured mortar: not in freezing and rainy weather. Only on dry masonry.

**BUILD**
- Do not add more water to the mortar or coloured mortar than indicated.
- Do not process wet bricks.
- 5 °C < OK < 30 °C

**MIX**
- Mix vertically from different packs.
- Pay attention to the correct colour ratio.

**MEASURE**
- Check the average dimensions.

**TOO FEW BRICKS ORDERED?**
Do not process the bricks completely, merge with the next shipment.
